

SteriFloor Schützen

SteriFloor Schützend is a food safe medium duty concrete protection system that is suitable in internal environments. It provides a hard-wearing surface with good cleaning properties and an excellent appearance. It is available in any colour and is satin finish.

 **Easy to Maintain**  **Highly Durable**

 **Chemical Resistant**  **Odourless**

 **Abrasion Resistant**  **Food Safe**

 Each SteriFloor solution contains **antimicrobial** agents that actively kill bacteria for the lifetime of the floor.

Suitable Applications

Ideal for food and beverage manufacturing floors with heavy foot and forklift traffic.

Examples include;
Medium-wear manufacturing rooms,
warehouses & food storage facilities
